

ACADFINITY DELIVERABLES

Scope Of Work

EDU IT SOLUTIONS

Building Future-Ready Digital Ecosystems for Schools

In today's rapidly evolving education landscape, technology isn't optional—it is the foundation of modern learning, administration, and communication. Acadfinity's EDU IT Solutions provides schools with end-to-end digital enablement, ensuring your institution stays efficient, secure, and future-ready.

We bridge the gap between traditional school setups and modern digital infrastructure by offering tailored IT solutions that enhance learning experiences, streamline operations, and strengthen school management systems.

ERP SOFTWARE

1. Core Modules & Features

Our ERP is structured to cover the complete lifecycle of school operations:

- Admissions & Enquiry Management
- Digital admission workflows, student onboarding, document tracking & approvals.
- Attendance & Timetable Management
- Student and staff attendance, class-wise timetables, substitution planning & reports.
- Staff & HR Management
- Teacher profiles, payroll coordination, leave tracking & performance records.
- Inventory & Asset Tracking
- Books, uniforms, lab equipment, furniture & consumables monitoring.
- Reporting & Documentation
- Automated reports for academics, finance, HR & compliance.

2. Integrations & Compliance

Built to seamlessly integrate with essential systems and regulatory requirements:

- Biometric Attendance Integration
- Online Fee Payment Gateway Integration
- RTE & UDISE+ Compliance Support
- CBSE / ICSE / State Board Reporting Alignment

3. Real-Time Analytics & Dashboards

Decision-making powered by live data:

- School-wide performance dashboards
- Attendance, fee collection & academic trends
- Custom reports for management & audits
- Role-based access for principals, admins & staff

4. Flexible Deployment Options

Schools can choose the setup that best fits their infrastructure and budget:

- Cloud-Based Subscription Model
- Auto-updates, regular backups, technical support & scalability.
- On-Premise Ownership Model
- Complete system ownership with optional annual maintenance & upgrades.

INFORMATION COLLECTION FORM

A. School & Institutional Details

- 1. Name of School / Institution:
- 2. Board Affiliation (CBSE / ICSE / State Board / Other):
- 3. UDISE+ Code (if available):
- 4. School Type (Day / Day-Boarding / Residential):
- 5. Classes Offered (Pre-Primary to Grade __):
- 6. Total Number of Students:
- 7. Total Teaching Staff:
- 8. Total Non-Teaching Staff:

B. Admission & Student Management

- 1. Current Admission Process (Manual / Software / Hybrid):
- 2. Average Annual Admissions (approx.):
- 3. Enquiry Sources (Walk-in / Website / Reference / Ads):
- 4. Document Collection Method (Physical / Digital):
- 5. Admission Fee Structure (One-time / Installments):

C. Attendance & Timetable

- 1. Attendance System Used (Manual Register / Biometric / App-based):
- 2. Requirement for Biometric Integration (Yes / No):
- 3. Timetable Management Method (Manual / Software):
- 4. Substitute Teacher Planning Needed? (Yes / No):

D. Staff & HR Management

- 1. Staff Records Maintained Digitally? (Yes / No):
- 2. Payroll System Used (Manual / Software):
- 3. Leave & Attendance Tracking Method:
- 4. Performance Evaluation System (if any):

E. Inventory & Assets

- 1. Inventory Categories Maintained (Books, Uniforms, Lab, Furniture, Others):
- 2. Current Inventory Tracking Method:
- 3. Annual Procurement Cycle (Monthly / Quarterly / Yearly):

F. Fee & Payment Integration

- 1. Fee Collection Mode (Cash / Cheque / Online / Mixed):
- 2. Need Online Payment Gateway Integration? (Yes / No):
- 3. Late Fee / Fine Policy Applicable? (Yes / No):
- 4. Fee Receipt & Reporting Method:

G. Compliance & Reporting

- RTE Compliance Required? (Yes / No):
- UDISE+ Data Submission Frequency:
- Board-wise Reporting Requirements:
- Audit & Compliance Reports Needed (Monthly / Quarterly / Annual):

H. Analytics & Dashboard Needs

- Key Metrics to Track (Attendance / Fees / Academics / Staff):
- Role-Based Access Required (Principal / Admin / Teacher):
- Custom Report Requirements (if any):

I. Deployment Preference

1. Preferred ERP Model:
☐ Cloud-Based Subscription ☐ On-Premise Ownership
2. Existing IT Infrastructure Availability (Servers / Internet / Devices):
3. Training Required for Staff? (Yes / No):

J. Support & Implementation

1. Expected Go-Live Timeline:
2. Preferred Support Mode (On-site / Remote / Hybrid):
3. Annual Maintenance Requirement (Yes / No):
4. Additional Customization Needs (if any):

LMS SOFTWARE

1. Course Creation & Academic Delivery

A flexible system to support curriculum-aligned digital learning.

- Course and subject-wise content creation
- Upload of videos, PDFs, presentations & worksheets
- Homework & assignment creation with deadlines
- Teacher-controlled content access
- Online tests, quizzes & examinations
- Auto and manual evaluation options
- Grade-wise and student-wise performance reports
- Learning gap identification & progress tracking

2. Virtual Classrooms & Student Engagement

Interactive learning tools designed for modern classrooms.

- Live and recorded virtual classes
- Discussion forums & doubt-clearing threads
- In-built quizzes & polls
- Mobile-friendly access for students & teachers

3. ERP Integration

Seamless connection with the school ERP system.

- Unified student, teacher & class data
- Automatic syncing of attendance & academic records
- Centralized dashboards for management
- Reduced manual data entry and errors

4. Flexible Deployment Options

Schools can select a deployment model based on infrastructure and control needs.

- Cloud-Based Subscription Model
- Regular updates, technical support, backups & scalability.
- On-Premise Ownership Model
- Complete system ownership with optional maintenance & upgrades.

INFORMATION COLLECTION FORM

A. School & Academic Structure

- 1. Name of School / Institution:
- 2. Board Affiliation (CBSE / ICSE / State Board / Other):
- 3. Classes to be Covered under LMS (Grade ___ to ___):
- 4. Total Number of Students (LMS Users):
- 5. Total Number of Teachers (LMS Users):

B. Course & Content Requirements

- 1. Subjects to be Included in LMS:
- 2. Type of Content Required:
 - ☐ Videos ☐ PDFs / Notes ☐ Presentations ☐ Worksheets
 - ☐ Recorded Lectures
- 3. Content Creation Responsibility (School / Acadfinity / Both):
- 4. Language Requirement (English / Hindi / Bilingual / Other):

C. Assignments & Assessments

- 1. Assignment Types Needed (Homework / Projects / Practice Tests):
- 2. Online Assessment Requirement (Yes / No):
- 3. Evaluation Method (Auto / Manual / Hybrid):
- 4. Grade & Result Reporting Format Required:

D. Virtual Classroom & Engagement

- 1. Requirement for Live Virtual Classes (Yes / No):
- 2. Preferred Mode (Recorded / Live / Hybrid):
- 3. Interactive Tools Required:
 - ☐ Quizzes ☐ Polls ☐ Discussion Forums ☐ Doubt-Clearing Sessions
- 4. Mobile Access Required for Students & Teachers (Yes / No):

E. ERP Integration

- 1. Existing ERP System Used (Name / None):
- 2. ERP–LMS Integration Required (Yes / No):
- 3. Data to be Synced:
 - ☐ Student Profiles ☐ Attendance ☐ Academic Records
 - ☐ Teacher Data

F. Deployment Preference

- 1. Preferred LMS Model:
 - ☐ Cloud-Based Subscription ☐ On-Premise Ownership
- 2. Internet Bandwidth Availability (Low / Medium / High):
- 3. Device Availability for Students (Mobile / Tablet / Laptop / Mixed):

G. Training & Support

1. Teacher Training Required (Yes / No):
2. Parent Orientation Required (Yes / No):
3. Support Preference (On-site / Remote / Hybrid):

H. Implementation & Customization

1. Expected Go-Live Timeline:
2. Custom Branding Required (School Logo, Colors, UI):
3. Additional Features or Custom Requirements (if any):

WEBSITE CREATION

1. Custom Design & Launch

A school website designed around your identity and objectives.

- Custom website design aligned with school branding
- Pre-tested, bug-free templates for reliability
- Structured layouts for academic & administrative sections
- Smooth website launch with quality checks

2. Mobile-Responsive & User-Friendly Layouts

Designed for seamless access across all devices.

- Fully mobile-responsive designs
- Optimized layouts for parents, students & staff
- Fast-loading pages for low-bandwidth environments
- Easy navigation & accessibility standards

3. SEO Optimization for Schools

Improving online visibility and local discoverability.

- SEO for school-specific keywords
- Search engine-friendly page structure
- Metadata, speed optimization & indexing
- Improved admission enquiry visibility

4. Admissions, CMS & Dynamic Content

Making the website functional and easy to manage.

- Online admission enquiry & application portals
- News, notices & circular update sections
- CMS (Content Management System) integration
- Admin access for regular updates

5. Integrations & Enhancements

Connecting your website with digital platforms.

- Social media integration (Instagram, Facebook, YouTube, etc.)
- Virtual campus tour integration
- Image & video gallery setup
- Contact forms & enquiry tracking

6. Hosting, Backup & Maintenance Options

Flexible hosting and ownership models.

- Cloud-Hosted Subscription Model
- Hosting, regular updates, weekly backups & technical support.
- Self-Hosted Ownership Model
- Complete ownership with optional maintenance & security support.

INFORMATION COLLECTION FORM

A. School & Contact Details

- 1. Name of School / Institution:
- 2. Board Affiliation (CBSE / ICSE / State Board / Other):
- 3. School Address (City, State):
- 4. Official Email ID:
- 5. Contact Person Name & Designation:
- 6. Contact Number:

B. Existing Website Details

- 1. Do you currently have a school website? (Yes / No):
- 2. Existing Website URL (if any):
- 3. Reason for New Website / Redesign:
- 4. Content to be Migrated from Old Website (Yes / No):

C. Design & Branding Preferences

- 1. School Logo Available? (Yes / No):
- 2. Brand Colors / Theme Preferences:
- 3. Reference Websites (if any):
- 4. Preferred Language (English / Hindi / Bilingual / Other):

D. Website Structure & Pages

- 1. Mandatory Pages Required:
 - ☐ Home ☐ About School ☐ Academics ☐ Admissions
 - ☐ Infrastructure ☐ Faculty ☐ Gallery ☐ Contact Us
- 2. Compliance Pages Required (CBSE / ICSE Mandatory Disclosures):
- 3. Additional Custom Pages (if any):

E. Features & Functionalities

- 1. Online Admission Enquiry / Application Form Required? (Yes / No):
- 2. News, Notice & Circular Update Section Required? (Yes / No):
- 3. CMS Access Required for School Admin? (Yes / No):
- 4. Image & Video Gallery Required? (Yes / No):
- 5. Virtual Campus Tour Integration Required? (Yes / No):

F. Integrations

- 1. Social Media Links to be Integrated (Instagram / Facebook / YouTube / Others):
- 2. Google Map Location Integration Required? (Yes / No):
- 3. WhatsApp Chat / Contact Button Required? (Yes / No):

G. SEO & Visibility

- 1.Target Location for SEO (City / District / State):
- 2.School-Specific Keywords (if any):
- 3.Google Search Console & Analytics Setup Required? (Yes / No):

H. Hosting & Ownership Preference

- 1.Preferred Website Model:
☐ Cloud-Hosted Subscription ☐ Self-Hosted Ownership
- 2.Domain Name Availability (Yes / No / Need Assistance):
- 3.Hosting Provider (if self-hosted):

I. Backup, Security & Maintenance

- 1.Weekly Backup Required? (Yes / No):
- 2.Security & SSL Certificate Required? (Yes / No):
- 3.Annual Maintenance Support Required? (Yes / No):

J. Timeline & Launch

- 1.Expected Website Launch Timeline:
- 2.Content Availability Status (Ready / Partial / To Be Created):
- 3.Additional Requirements or Notes (if any):

EDU TRANSFORM

EDU Transform focuses on shaping students into confident, future-ready individuals by guiding them in choosing the right career path, preparing them with essential skills, and supporting their mental and emotional wellbeing. Through structured counselling, skill-development programs, and wellbeing initiatives, Acadfinity helps schools build a holistic environment where every student can discover their potential and move towards a meaningful future.
